

CUSTOMER ADVISORY ADDITIONAL ASSEMBLY SOURCE

Altera is adding Fujitsu Japan as an assembly source for new APEX™ Fine line BGA™ products. Fujitsu has been selected because of their excellent assembly performance and their ability to accommodate Altera's high-volume capacity requirements for the FineLine BGA™ packages.

Fujitsu-assembled products have the country of origin, "Japan", marked on the top side of the device. Fujitsu-assembled units are scheduled to begin shipping September 15, 1999.

For more information, please contact your local Altera sales representative.

* Qualification information will be available September 1999. Please contact Altera's Customer Quality Engineering Manager at (408) 544-7563 for more details
